LOVE COMEDY NEARLY TRAGIC

Noted Actress Could Not Marry a Man
Who Only Had One
Leg.

Madrid.—A love comedy that is on its way to become a tragedy is exciting the best families in Madrid. It relates to Gomez Lopez del Mavarete, a well-known diplomat of Barcelona, who fell in love with the actress Dolores Rivero de Domanones. She is the daughter of an aristocratic Spanish family whose name she brought into great notoriety by taking to the stage.

A famous young surgeon, Dr. Dorado del Pozo, was also a suitor for Dolores, and her affections wavered so uncertainly as to cause a duel between the young men, in which the diplomat was wounded in the leg.

Immediately Dolores was at his side and nursed him devotedly. Several doctors were consulted, but the leg became worse. At last Dolores persuaded her lover to consult his rival, the brilliant young surgeon. He did so and Dr. Dorado del Pozo said that amputation would alone save his life, as gangrene had set in.

More persuasion by the actress, who assured him that her affections were now fixed, was needed before the young diplomat would consent to the operation. The operation was eventually performed and Senor Mavarete provided with an artificial leg.

In spite of her previous protestations, Dolores had to confess that she could never marry a man with one leg. Not long after she married the young surgeon.

Ship Loaded With Arms, Ammunition and Cash, Equipped by Duchess, Is Stranded.

Munich.—The Post publishes a story to the effect that a ship was recently fitted out with arms and ammunition by the Duchess Carl Theodore of Bavaria, in an attempt against the Portuguese republic. The duchess also sup-

plied a large sum of money, which was aboard the vessel.

The ship started from London for Lisbon, but was stranded on the Belgian coast. The duchess has appealed to the Belgian king, who is her son-in-law, to give up at least the cash, but King Albert has refused.

The Post asserts that several banks have undertaken obligations to support the former King Manuel, in case the republic is overthrown.

DRIVES NAIL INTO HIS BRAIN

Prisoner in Pottsville Jail Adopts This Means to Escape Gallows, but Still Lives.

Pottsville, Pa.—"I have driven two nails into my brain and you cannot hang me," declared Malina Massa to the warden of the Schuylkill county prison. Massa, who murdered his wife at Raven Run several months ago, is under sentence of death, and as he has made several attempts at suicide his statement alarmed the keeper.

Investigation showed that Massa's statement was true. He had driven the nails so firmly into his head that it was necessary to shave the hair off and lance the flesh in order to pull them out. Massa said he drove the nails by butting his head against the cell wall. The surgeons are puzzled that Massa is still alive. It is thought, however, that infection will surely bring death to the determined prisoner.

Truck Replaced Three Teams

In eleven months this three-ton KisselKar Truck covered in actual service 4,760 miles at a fuel cost of \$1.08 per day. Manned by a driver and one helper, it replaced three teams of horses. The average daily burden was 37 17.20ths tons. It carried an average load of four tons—one ton overload—but in the entire period named, was laid up only two and one-half hours for repairs.

"We can recommend the KisselKar Truck and assure that it lives up to its guarantee," writes Thomas E. Fleischer, manager of the Sheboygan Lumber Works.

Two and one-half hours for repairs, carrying over 37 tons per day is a record worthy of notice. KisselKar Trucks cost little to maintain and are economical to operate because the problem is solved in KisselKar construction.

Note these striking KisselKar features—Simple engine—easy to operate—reserve power—excess capacity—differential lock preventing one drive wheel absorbing all the power on slippery places, and stalling the truck—four speed transmitters geared up—fourth speed permitting high speed when desired without racing engine; 15 to 20 per cent. lower fuel consumption than average trucks—light spring suspension for power plant, heavy spring suspension for load—gauge that weighs load—greatest accessibility—easy control—larger brake drums, and extra powerful brakes—special bodies designed to meet every need.

KisselKar Trucks

1500 lbs.-1-2-3-4 and 5 Tons

In the range of capacity, 1500 lbs. to 5 tons, you can find just the type that fills your requirements—and with the KisselKar Truck goes the KisselKar Service, which is the manufacturer's guarantee of satisfaction.

KisselKar Service means taking off your hands all of the mechanical details. A special service building is maintained in this city for the benefit of KisselKar owners. The KisselKar service is a broad and comprehensive arrangement between manufacturer and owners that cares for the car, maintains efficiency, retards depreciation and minimizes upkeep. This service is a valuable consideration in the purchase of a power wagon. Investigate it.

Ask us to analyze your present horse haulage as compared to motor haulage. The result will be interesting.

Mr. Kentucky Farmer

If we told you of a crop which brought a cash income the year around, made the soil richer every year and required no skilled labor to handle it,

Wouldn't That Be The Crop For You?

You have this opportunity. The Tri-State Butter Company, Cincinnati, Ohio, will buy your cream the year around, pay spot cash for every shipment and give you a market that is responsible, safe and permanent, and proven so to more than 5,000 shippers.

No skilled labor is required to ship cream. Separate the milk, ship when convenient to you—twice a week in the summer season and not quite so often in the winter time.

Every cow will pay cash for what she eats, yielding a revenue of from \$50.00 to \$90.00 per year, besides adding \$25.00 worth of fertility to your soil.

Ship your cream to-day, or write for free trial cans.
